ABOUT

Claim Automation was created with the single purpose of providing professional Solutions to the ever-evolving claims environment of our Insurance Industry.

The culmination of 23 years of finding solutions for leading International Insurance Companies and Brokers, as well as the largest Repairers Network in the Southern Hemisphere, consistently meeting and exceeding the needs and expectations of our clients, whether it be insurer, repairer or insured.

Being part of several pilot projects over the years as well as assisting the industry to find innovative ways to streamline the claims process has resulted in us being able to assist in claims optimization, normalization and setting industry benchmarks.

Finding solutions is a Core value of Ours, resulting in exceptional trustworthy Assessments, Investigations and Audits. Claims are done with integrity and complete transparency. We believe this is what sets us apart from the rest. Our goal is to set industry standards and partner with like-minded Insurance Companies, Brokers & Service Providers.

VISION

To become the company of choice for our clients by providing innovative solutions to all insurance role players such as:

- Insurance Companies
- Brokers
- International Motor Groups
- National Assessing Companies
